

PROJECT CAMP WINTER 2020

MOSCOW AVIATION INSTITUTE
(NATIONAL RESEARCH UNIVERSITY)

MAI RECTOR – MIKHAIL POGOSYAN

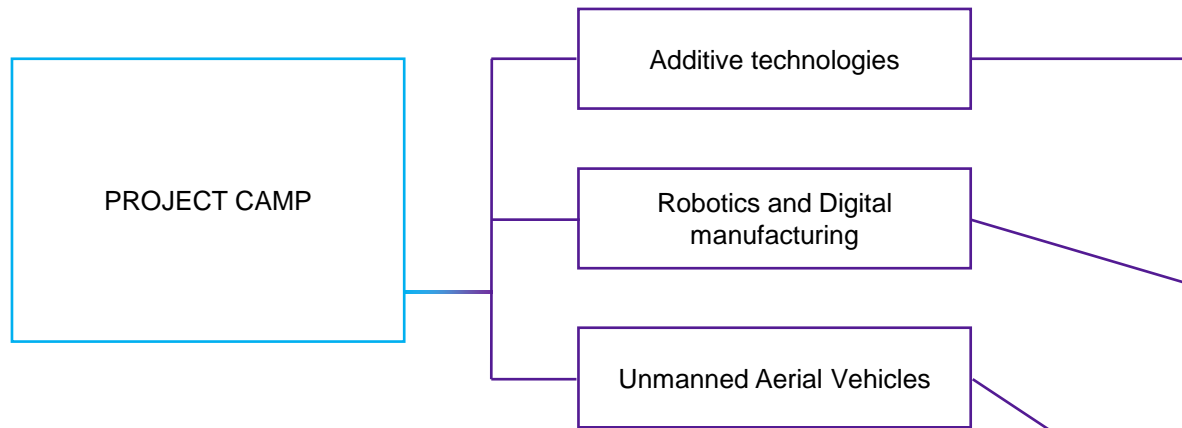

-
- Russian aircraft designer and entrepreneur;
 - Doctor of technical sciences;
 - Member of Russian Academy of Sciences;
 - Former chief designer at “Sukhoi” JSC;
 - Former CEO at Russian Aircraft Corporation “MiG”, JSC;
 - Former President of “United Aircraft Corporation” PJSC;
 - Board Chairman of “Sukhoi Civil Aircraft” CJSC.
-

«Technologies of future are widespread nowadays. Our school can give comprehension of the areas, a modern student should have»

LEADING RESEARCH AREAS

Eminent research area supervisors
Qualified tutors
Thousands of ideas for new projects implementation

OUR WINTER SCHOOL

-
- 9 days
 - Classes with skilled practitioners
 - Work with mentors. Gap analysis sessions
 - Working with advanced equipment under supervision of the best engineers
 - Educational lab tours
-

The participants will have a unique opportunity to create their own drone using leading technologies

WHAT WILL YOU LEARN?

During your studies at winter school you'll:

- Become proficient in UAV technology
- Learn how to prototype UAVs
- Assemble load-bearing structures
- Program a drone flight

And also:

- Develop your teamwork skill
 - Learn how to present your own tech project
-

WHAT WE CAN PROVIDE YOU WITH?

- Work with the best Russian UAV professionals;
- The ability to solve all your questions related to 3D printing equipment software with the developers of this software.

HOW YOUR DAYS WILL BE TAILORED

«PROJECT CAMP» - is a complex of short engineering courses

Example of your day:

Schedule

- 10⁰⁰ – MAI lab tour
- 12⁰⁰ – Lecture on UAV technology
- 14⁰⁰ – Lunch
- 15⁰⁰ – Project teamwork
- 17⁰⁰ – Introspection

Introspection – group discussion of errors and joint solving of difficulties occurred when working on a project. Experience sharing at the end of the day. Is carried out under the supervision of team mentor.

PRICING PLAN

1000 USD

The price includes:

Education

9-day program

Living

Accommodation at the hostel at a walking distance from MAI

Meals

Breakfast and lunch

Tours

MAI lab tours, sightseeing in Moscow

Souvenirs

Memorable souvenirs and “Project Camp” hoodies

WHERE WE ARE?
